

# NEW MORNING NURSERY SCHOOL

## Application Procedure

New Morning Nursery School is accredited by the City of Madison, has a 5-Star rating on the Youngstar scale and is licensed by the State of Wisconsin to serve children 2-5 years of age in a part-day nursery school program. We are a MMSD community 4K partner. Please refer to the 4K information sheet in the application packet for more detailed instructions regarding applying to our 4K program. Application materials for the school year and the summer program will be available the preceding January for all families. An Open House is scheduled for Saturday, January 14, 2023, 9-11 am. Individual tours may be scheduled after the open house by calling or emailing the office.

**NEW FAMILIES** interested in enrolling should call the school office prior to the Open House to have their names put on a mailing list. Application packets will automatically be sent to all names on the list. Once application packets have been sent out, new family applications will be accepted, and will be ranked in the order they are received in the office. ***New families are encouraged to return their applications as soon as possible.***

**RETURNING FAMILIES** will receive application packets in January. Applications for fall and summer will not be considered unless accompanied by a non-refundable application fee. Applications will not be accepted from families who have an outstanding tuition balance of two or more months, unless prior arrangements have been made with the director.

**PLACEMENT** – We will not discriminate against any enrolled child, family or applicant for enrollment, on the basis of race, sex, disability, age, or national origin. Our policies are designed to balance the needs of individual children and their families with the needs of the class as a whole. Procedures are aimed at creating an equitable method of application, acceptance, and enrollment. ***There is no potty training requirement for any of our classes.***

Applications will be processed in the following order:

1. Children of staff
2. Children currently enrolled in the school
3. Siblings of current or former students
4. Families who applied last year, but never received a placement
5. Children of families applying for the first time

In addition, consideration is given to:

- Number of years a family has been enrolled in the school
- Families who are enrolling more than one child with the same schedule
- Balance of peers within a group.

If several applicants of identical standing are applying for the same space, placement will be done by a lottery. If a child does not get a first choice they will be placed according to their second or third choice. Once all spots are offered the remaining applicants will be placed on waiting lists corresponding to their preferences, in the order in which the applications were received.

**CONFIRMATION** of placement and an enrollment contract will be sent to returning families by Feb. 3, 2023; to new families by February 17. Notification of placements will be made by email. Contracts will be sent by student backpacks or by mail. In order to guarantee your child's placement the first of ten tuition payments must be paid by February 15, 2023 for returning families. New family payments must be received within 5 days of receipt of confirmation. This payment is not refundable or transferable for any reason. Currently enrolled families who experience difficulty making this payment can make arrangements for a more comfortable payment plan by contacting the director. If the first payment or

payment arrangements have not been made by the deadline, the child will be removed from the class and placed on the waiting list.

**WAITING LISTS** are formed once all spots in a class have been offered. It is not necessary to pay the application fee if you are applying after the creation of the waiting lists, usually by mid-March. The application fee will be payable along with the first tuition payment when a child on the waiting list receives conformation of placement.

**MID-YEAR ENROLLMENT** occurs if space is available. Once the school year begins, parents should check with the director to see what classes have openings. Tuition is prorated according to the number of weeks remaining in the school year.

**SCHOLARSHIPS** are available. Applications for tuition assistance are available in the office. The goal of the scholarship fund at New Morning is to provide children whose families cannot afford to pay the full tuition an opportunity to attend the school. Awards are based on financial need, availability of space and funds. Applying for scholarship will not affect an applicant's placement during the registration process. Returning families who are currently receiving scholarships should reapply every year, with a separate application for each child. Every effort will be made to continue to support a currently enrolled child, however scholarship rollover cannot be guaranteed. Once a family has received tuition assistance and continues to justify financial need, priority will be given to previously supported students.

## APPLICATION TIME-LINE

	Returning Students & Siblings	New Students
Application packets available (on line-1/2/23)	1/4/23 (mail tubes)	1/2/23 (mailed out)
